## 14th Annual LIMOUSIN & LIM-FLEX BULL SALE

**TUESDAY, APRIL 14, 2020 - 2:00 P.M. CST - AT THE RANCH**

From all of us at Hager Cattle Company, we are excited to welcome you to our ranch near Karlsruhe, North Dakota for our 14th Annual Limousin and Lim-Flex Bull Sale. The sale will be held in our new sale facility. Also, please note the new sale date and time of Tuesday, April 14 at 2:00 p.m. We hope you are excited about this change as we are.

During the past 12 months, Mother Nature has given us more challenges than we care to count up or remember. The good news is our cattle have withstood these challenges and this year's sale offering is our best yet. The bulls continue to outperform our expectations, as evident by their average adjusted weaning weight of 730 pounds and average adjusted yearling weight of 1262 pounds. They also excel in carcass traits and yet maintain the moderate birth weights and maternal abilities we know our customers rely on. We are staying true to our ultimate goal at HCC to provide our customers with genetics that allow you to be profitable in the cattle business.

HCC started in the commercial cattle business and that continues to be a major portion of our ranching operation today. Our seedstock cattle perform right along with our

commercial cattle, under the same production conditions. We feel this greatly benefits our customers as our bulls are raised to excel in real-world situations and thrive in today's mainstream markets.

The bulls have been semen tested, ultrasound scanned, and sell with a complete set of performance records and EPDs. All bulls sell with a first breeding season guarantee. Volume buyers are crucial to our sale's success and we will continue to offer volume bull buyer discounts.

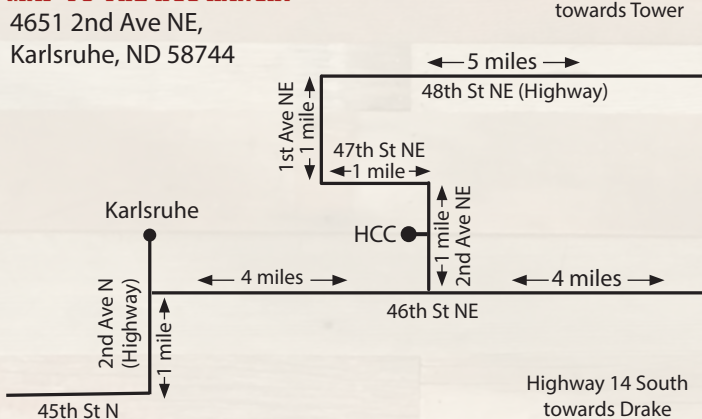

Videos of all the bulls are available on our website, www.HagerCattleCompany.com. You are also welcome to stop by the ranch and view the sale offering at any time. For more information, contact us or an affiliated sale staff listed in the catalog.

Once again, we will be offering a set of 60 outstanding commercial open Lim-Flex heifer calves. This group of heifers came right of the top of our commercial herd.

Thanks for your interest in our program and we look forward to seeing you Tuesday, April 14 at the ranch!

~Austin, Leah Bailee, Pitch, Tripp and Remmi Hager

**- NEW DATE - NEW LOCATION - NEW SALE FACILITY -**

**TUESDAY, APRIL 14 • 2:00 P.M. CST • AT THE RANCH**

**TIME AND LOCATION:**

Tuesday, April 14, 2020 • 2:00 p.m. CST • At the Ranch  
GPS address: 4651 2nd Ave NE, Karlsruhe, ND 58744

**SALE DAY PHONES:**

Austin Hager .....(701) 626-2345  
HCC Home Office.....(701) 525-6363

**SPECIAL GUESTS:**

Kirby Goettsch, Farm & Ranch Guide .....(605) 380-3939  
Tony Heins, Cattle Business Weekly .....(701) 400-4435  
Will Bollum, Western Ag Reporter .....(507) 244-0833  
Mark Anderson, NALF Executive Director .....(970) 590-9576

**AUCTIONEER:**

Chisum Peterson.....(605) 730-4214

**ACCOMMODATIONS:**

A block of rooms is available at Comfort Suites, 601 22nd Ave SW, Minot, ND 58701, 701-852-9700. To receive the Hager Cattle Company discounted group rate, reserve rooms by April 3.

- Noble Inn, 1009 20th Ave SE, Minot, ND 58701, 701-837-1500
- Cobblestone Inn and Suites, 410 Brewster St W, Harvey, ND 58341, 701-635-2222
- Cobblestone Inn and Suites, 402 US-2, Rugby, ND 58368, 701-881-3000

Food and refreshments will be served at the sale.

**ADDITIONAL INFORMATION:**

Videos, yearling weights, scrotal measurements and ultrasound data will be available on our website prior to the sale and on sale day. If you wish to purchase livestock insurance on your bulls or to purchase semen from HCC sires, please contact Mark Smith of Grassroots Genetics and Consulting, (515) 229-5227.

**EPDS AND ADDITIONAL DATA:**

All EPDs have been provided by the North American Limousin Foundation and were pulled on March 5, 2020. NALF updates EPDs on a weekly basis, which may cause minor changes to the EPDs presented in this catalog. Scrotal measurements and ultrasound data will be available by April 1.

**GUARANTEE:**

All bulls are semen tested and sell with a first breeding season guarantee. If the cattle that you purchase at our sale fail to meet your expectations or go down during the breeding season, we will provide you with a replacement bull or give you full credit towards next year's sale, once we receive the returned bull. We will work together on arrangements to transport the bulls from you to us in the most economical way for both parties. This guarantee expires after the first breeding season.

**TRANSPORTATION:**

Free delivery in North Dakota and surrounding states on purchases of \$3,000 or greater. Delivery beyond will be done in the most cost efficient manner possible.

**LIABILITY:**

Each animal will be the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither owner nor sales management can be responsible for accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

**TERMS:**

Terms of the sale are cash unless prior credit arrangements are made between buyer and seller. Settlements are to be made immediately after the conclusion of the auction. All cattle sell under the recommended terms and conditions of the North American Limousin Foundation. You may request a copy of those terms from Austin Hager or the sale consultants, or go to [www.NALF.org](http://www.NALF.org) to view online.

**HEALTH:**

Inforce 3, First Defense, Bovi-Sheild Gold 5, One Shot, 7 Way, Sommus, Dectomax Injectable, Clean-Up. Johnes tested cattle herd since 2012; all bulls selling are from a negative tested dam. Herd health: Dr. Kristie Best - 701-537-0502.

**ANNOUNCEMENTS:**

Announcements made sale day will take precedence over printed material in catalog.

**ABSENTEE BIDS:**

Mailed or telephone bids will be handled in the most confidential manner. If you are unable to be present to place your bids, please feel free to contact Hager Cattle Company.

**VOLUME PURCHASES:**

Buy 5 or more bulls and receive a 5% discount.  
Buy 10 or more bulls and receive a 10% discount.  
\$50 credit per bull if buyer hauls home sale day.

**ONLINE BIDDING:**

**LiveAuctions.tv will provide real time bidding.**

Live audio and video will allow buyers to bid on animals just as if they were present at the sale. A buyer's account must be created prior to the sale. Go to [www.LiveAuctions.tv](http://www.LiveAuctions.tv) or contact Margo Schmerge directly at 937-515-1194 or [Margo@LiveAuctions.tv](mailto:Margo@LiveAuctions.tv)

- Homo black, homo polled - Denver Bull
- Phenotypically this bull is remarkable. He combines added length of spine and ties into a long clean front end design. He is big bodied, bold sprung, and impressive from behind, combining added muscle shape and natural thickness. He carries the ideal amount of bone substance and stands on a good foot. His dam, AHCC 252Z, consistently produces calves that surface to the top of each calf crop and this bull is no exception. He pounded the scale down at weaning time with an actual weaning weight 830 lbs. / ratio 115. On paper he is equally impressive ranking in the top 15% for WW, TM, \$MTI; 20% ST, YG, REA; and 30% YW, MB, FT. That's 9 traits ranking in the top 30% or better. Cattleman, if you're in the market for revenue driven, performance packing cattle look this bull up sale day. Selling 2/3 interest, full possession.

- Homo black, homo polled – Denver Bull
- Breeders who are in the market for a calving ease prospect take notice; this may be the best son of AHCC Dakota Grown 408D to date. Phenotypically this bull has as much style and eye appeal as any bull in the offering. He combines a tremendous amount of natural thickness, muscle shape, and fleshing ability into a well-designed package. He ranks in the top 35% or greater for 9 economically relevant traits that today's cattlemen desire. On paper he combines a BW ratio of 100 along with a WW ratio of 113. AHCC Dakota Grown 7070G is a bull who blends low birth, high growth genetics into an intriguing package. This is a bull we plan on AI'ing to heifers. Selling 2/3 semen interest, full possession

- Homo polled, hetero black – Denver Bull
- If you're looking for modest birth, respectable growth genetics that have the ability to marble and create cattle that fit today's mainstream cattle market, this bull sure fits the description. He ranks in the upper 10% of the breed for marbling and out of a time tested GAR Predestined cow. He should have the genetic potential to create an outstanding set of feeder cattle. Phenotypically this bull is complete. He combines all the right parts in all the right places. Mark your calendars for Tuesday, April 14th for the opportunity to purchase time tested proven genetics.

- Visually this bull projects added frame and length of body

**HAGER CATTLE COMPANY NAMED 2019 BIF SEEDSTOCK PRODUCER OF THE YEAR FINALIST**

Hager Cattle Company was a finalist for the 2019 Beef Improvement Federation (BIF) Seedstock Producer of the Year award. This national award is presented annually to a producer to recognize their dedication to improving the beef industry at the seedstock level. Hager Cattle Company was on of three finalists for this prestigious award.

HCC has worked diligently to breed more rib shape, capacity, and fleshing ability into their Limousin cattle. At the same time, they work hard to increase performance levels, while holding birth weights modest and keeping maternal traits high. Hager Cattle Company heavily utilizes genomic testing and is a strong supporter of single-step EPD utilization with the switch to the IGS BOLT International Cattle Evaluation.

More than 500 beef producers, academia, and industry representatives attended the organization's 51st annual convention. BIF's mission is to help improve the industry by promoting greater acceptance of beef cattle performance evaluation.

- High percentage Limousin
- If you're looking to add frame size and length of body, this bull should do the job
- Ranks in the top 10% for CW; 15% for YW; 20% for WW; 25% for TM; and 30% for CEM
- His dam, AHCC A602, is a model Limousin cow with a tidy udder

# 104 TOP CUT LIM-FLEX OPEN COMMERCIAL HEIFERS

We have decided to continue to offer open replacement females from our commercial cow herd. These quality heifers have become a sale highlight. This is the top 60 cut out of over 200 heifers. They are May born commercial Lim-Flex heifers. The heifers have been Bangs vaccinated and have also had Preg-Guard 10 shots. They will be weighing 775-800 lbs. This is an excellent set of heifers that will sell gate cut in groups of 5. High bidder has the opportunity to roll the pen and take all of the heifers.

## HAGER CATTLE COMPANY 2019 CUSTOMER APPRECIATION AWARD

It really is humbling to know that many of our bulls can be found working across the country – in the hard working rural American rancher's pasture, to leading commercial operations, and even to some of the most elite seedstock herds. We are very proud of our reputation for producing bulls that have the balance of traits to work in every segment of the beef industry. Whether you are a commercial cattleman or a seedstock producer, you all help keep this dream keep running. We couldn't do it without you and as a token of appreciation, Hager Cattle Company will award one operation every year with an annual Customer Appreciation Award.

Our very first 2019 recipient went to Paul and Jason Anderson of L7 Ranch from Leonard N.D. They have been with us for the long haul, buying bulls from us when we were still selling private treaty off the ranch and on the ND Limousin State Sales. They have put their faith in our bulls and our program and come back year after year. L7 Ranch was presented with a cross five cattle cooler as a tool to make the ranching job just a little easier. Once again, congratulations L7 Ranch for the 2019 Hager Cattle Company Customer Appreciation Award!

Our 2020 Customer Appreciation Award winner will be announced prior to the start of this year's sale!

# HCC EPD GENETIC TRENDS

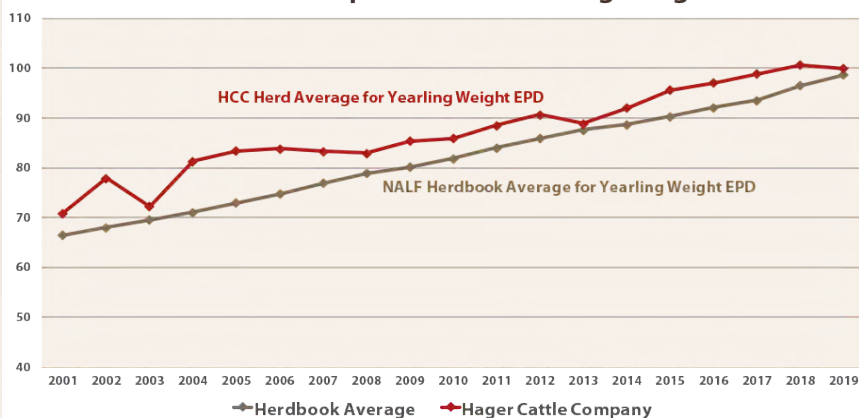

The North American Limousin Foundation (NALF) uses all available information to predict an animal's EPD. This information includes: individual performance, pedigree, progeny and grand progeny performance, and genomic information. All this information is combined into one, easy to use, number that helps producers make genetic improvement in their herd.

For a number of years, NALF and 13 other U.S. and Canadian breed associations joined together to form the largest international multi-breed cattle evaluation in the world through International Genetic Solutions (IGS). This allows growth and carcass EPDs for Limousin and Lim-Flex® (Limousin x Angus hybrid) animals to be directly compared with Red Angus, Simmental, Gelbvieh, Shorthorn, Maine Anjou, Chianina, Salers, and South Devon animals (and all their hybrid animals). This makes selection decisions easier for commercial producers.

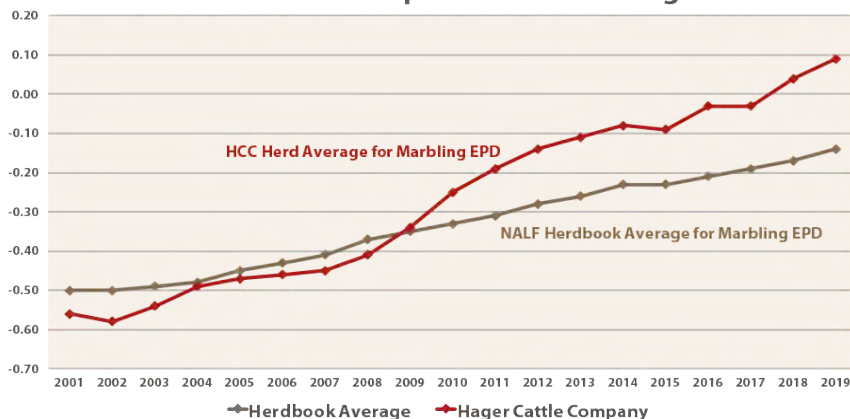

The charts to the right compare the genetic trend lines for Hager Cattle Company verses the herdbook average for the North American Limousin Foundation. As you can see, AHCC genetics far exceed the herdbook averages for yearling weight and marbling EPDs, plus \$MTI.

We focus on selecting for these traits, which have economic importance for our customers. Investing in AHCC bulls will add pounds and carcass value to your calves.

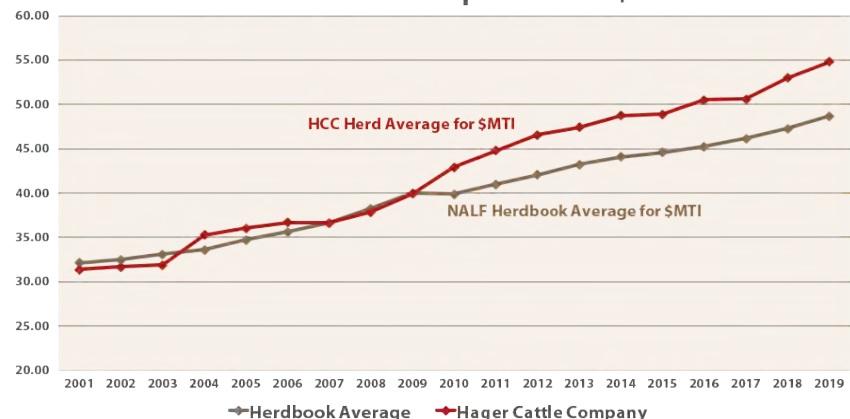

Genetic Trend Comparison for Yearling Weight EPD

Genetic Trend Comparison for Marbling EPD

Genetic Trend Comparison for \$MTI
