LEADING SOURCE IN THE NORTH FOR LIM-FLEX GENETICS

HAGER **HCC** CATTLE COMPANY

15th Annual LIM-FLEX BULL SALE

TUESDAY, APRIL 13

At the Ranch • 4651 2nd Ave. NE • Karlsruhe, North Dakota
Sale time is 2:00 p.m. CST • Online Bidding at LiveAuctions.TV

The Hager Cattle Company crew is excited to once again welcome you to our ranch near Karlsruhe, North Dakota for our 15th Annual Lim-Flex Bull Sale. We appreciate all of our customers who have put their trust in the HCC breeding

program, and in our family, to be your supplier of Lim-Flex genetics. And if you're new to HCC, we welcome your evaluation of our offering and look forward to working with you to provide genetics that allow you to be profitable in the cattle business.

HCC started in the commercial cattle business and that continues to be a major portion of our ranching operation today. Our seedstock cattle perform right along with our commercial cattle, under the same production conditions. We feel this greatly benefits our customers as our bulls are raised to excel in real-world situations and thrive in today's mainstream markets.

This year's sale offering includes 109 Lim-Flex bulls and 60 open commercial Lim-Flex heifer calves. The bulls continue to outperform our expectations, and you will find consistency of performance and carcass traits throughout the offering. They also excel in maternal abilities and calving ease. As you read through our catalog, you will notice the weaning weights are a little lighter this year compared to prior years. Due to the extreme drought conditions in 2020, we were a little short

on grass and weaned calves at an earlier date. However, from weaning to yearling, this set of bulls performed extremely well. The heifer calves are selected right off the top end of the replacements in our commercial herd.

The Hager Cattle Company program is enrolled in the Limousin Inventory Management Program (LIMS) through the North American Limousin Foundation. This means that all bulls sell with a complete set of performance records and EPDs. The majority of the bulls have also been DNA tested for coat color and horn/poled status. The bulls will be semen tested and ultrasound scanned prior to sale day and those results will be available on a supplement sheet. All bulls sell with a first breeding season guarantee. Volume buyers are crucial to our sale's success and we will continue to offer volume bull buyer discounts.

When we gathered for the sale a year ago, we were just at the start of the COVID-19 pandemic and no one at the time could have predicted the extent of its impact. However, we see the light at the end of the tunnel of this pandemic and the outlook for our economy and the ag markets for the second quarter look strong. Times like these remind us all of the importance of food and agriculture, and perhaps more importantly, the resiliency of the beef industry.

Videos of all the bulls are available on our website, www.HagerCattleCompany.com. You are also welcome to stop by the ranch and view the sale offering at any time. For more information, contact us or an affiliated sale staff listed in the catalog. Thanks for your interest in our program and we look forward to seeing you Tuesday, April 13th at the ranch!

~Austin, Leah Bailee, Pitch, Tripp and Remmi Hager

EPDS AND ADDITIONAL DATA:

All EPDs have been provided by the North American Limousin Foundation and were pulled on March 5, 2021. NALF updates EPDs on a weekly basis, which may cause minor changes to the EPDs presented in this catalog. Scrotal measurements and ultrasound data will be available by April 1.

Hager Cattle Company is a member of LIMS.

ANNOUNCEMENTS:

Announcements made sale day will take precedence over printed material in catalog.

TRANSPORTATION:

Free delivery in North Dakota and surrounding states on purchases of \$3,000 or greater. Delivery beyond will be done in the most cost efficient manner possible.

GUARANTEE:

All bulls are semen tested and sell with a first breeding season guarantee. If the cattle that you purchase at our sale fail to meet your expectations or go down during the breeding season, we will provide you with a replacement bull or give you full credit towards next year's sale, once we receive the returned bull. We will work together on arrangements to transport the bulls from you to us in the most economical way for both parties. This guarantee expires after the first breeding season.

TERMS:

Terms of the sale are cash unless prior credit arrangements are made between buyer and seller. Settlements are to be made immediately after the conclusion of the auction. All cattle sell under the recommended terms and conditions of the North American Limousin Foundation. You may request a copy of those terms from Austin Hager or the sale consultants, or go to www.NALF.org to view online.

HEALTH:

Inforce 3, First Defense, Bovi-Sheild Gold 5, One Shot, 7 Way, Sommus, Dectomax Injectable, Clean-Up. Johnes tested cattle herd since 2012; all bulls selling are from a negative tested dam. Herd health: Dr. Kristie Best - 701-537-0502.

INSURANCE:

Brett Schaefer of Heritage Insurance Services will be on site for the sale to handle all of your insurance needs for your new purchases. Or you may contact Brett at (701) 818-0806 or visit www.HeritageInsServices.com.

SEMEN:

If you are interested in purchasing semen on any Hager Cattle Company sires, contact Austin Hager.

ABSENTEE BIDS:

Mailed or telephone bids will be handled in the most confidential manner. If you are unable to be present to place your bids, please feel free to contact Hager Cattle Company. Individuals will be available on site to handle absentee bids and we would ask that you contact Austin Hager prior to the sale so we can be sure to accommodate your needs.

VOLUME PURCHASES:

Buy 5 or more bulls and receive a 5% discount.
Buy 10 or more bulls and receive a 10% discount.
\$50 credit per bull if buyer hauls home sale day.

LIABILITY:

Each animal will be the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither owner nor sales management can be responsible for accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

ONLINE BIDDING:

LiveAuctions.tv will provide real time bidding.

Live audio and video will allow buyers to bid on animals just as if they were present at the sale. A buyer's account must be created prior to the sale. Sale day technical support: (712) 294-4731

Technical Support:

LOT 1 - AHCC DAKOTA THUNDER 376H

Phenotypic stand out since day one. We feel this is one of the top Dakota Thunder sons we have raised to date. Visually this bull is remarkable. He combines depth of body, fleshing ability, natural thickness and structural soundness into a complete package. AHCC Dakota Thunder 376H illustrates an excellent set of numbers. He ranks in the top 35% or better for 10 economically viable traits. Ranking in the top 35% for DOC and \$MTI; top 30% for YW; top 25% for WW, ST, FT; top 20% for GEST, CEM; and top 2% for TM and top 1% for MK. He recorded an impressive actual WW of 765 lbs. (ratio of 118) and a smashing good actual YW of 1375 lbs. (ratio of 114). If you're in the market for performance-driven, profit-minded cattle don't miss AHCC Dakota Thunder 376H on sale day. Selling 2/3 interest and full possession.

LOT 2 - AHCC HEMI 442H

Here is a remarkable bull with some very impressive numbers. He ranks in the top 30% for MK, REA, \$MTI; top 25% for ST; top 15% for GEST, WW, TM; and top 10% for YW, CW. That's 9 traits ranking in the top 30% or better! He carries the ideal amount of bone substance and stands on a good foot. He also possesses the right amount of muscle, natural thickness, and depth of body to sire cattle that have the ability to the smash the scales. AHCC 442H himself pounds the scale down with a 205-day WW of 768 lbs. (ratio of 119) and a 365-day YW of 1379 lbs. (ratio of 113). Cattlemen if you're attracted to sound, well rounded, fault-free breeding bulls, don't miss him on sale day.

If you're looking for growth in your cattle, check out this AHCC Easy Rider son raised by a first calf heifer. His 205-day WW was 728 lbs. (ratio 112) and his 365-day YW was 1349 lbs. (ratio 111). That is backed up by an awesome EPD spread with 10 economically relevant traits in the top 30% or greater: top 1% for MK, TM; top 2% for GEST; top 5% for YW; top 10% for WW, CM; top 20% for CW, \$MTI; top 25% for ST; and top 30% for REA. This bull combines a massive amount of rib shape, depth of body, and natural thickness. If you like low-birth, high-growth genetics, mark your calendars for Tuesday, April 13 for the opportunity to purchase this stout-made, genetic powerhouse. Selling 2/3 interest and full possession.

Get excited to see the calf crop out of our new power-house sire Federal Reserve. AHCC 5594H is a high percentage Lim-Flex bull – 62% LF. Phenotypically this bull is complete; he is sound-made from the ground up and shows tremendous growth. His dam, AHCC 5594C, is the dam of the widely used AI sire AHCC Easy Rider 5594E. Genetically this bull is hard to fault. He comes from a long line of proven, time-tested genetics that have raised multiple AI sires. With a top 10% ranking for his weaning weight and yearling weight, you are sure to get calves with growth that can put more money in your pocket. Other notable high percent EPD traits include his top 25% for REA; top 20% for CW, CEM; top 15% for \$MTI; top 10% for MK; top 4% for GEST; and top 3% for TM. Ranching is made a little easier with bulls that come this performance packed. Find him in pen ONE sale day. Selling 2/3 interest and full possession.

HCC 2020 CUSTOMER APPRECIATION AWARD

Two years ago we started a new tradition at HCC and it is something we are excited to continue. It is important to us to recognize our great customers - whether you raise commercial or seedstock cattle, you all help keep this dream running. Every year, we will award one custom Cross Five Cattle Cooler in hopes that it makes your job just a little easier. Our 2020 Hager Cattle Company Customer Appreciation Award winner was Shane Anderson of Anderson Ranch, Towner N.D. Shane is a top commercial producer in the region and recognizes the value in Lim-Flex genetics. He has been a consistent volume buyer of HCC genetics for many years. We thank you for your loyal support and friendship. This year's winner will be announced prior to the start of the sale!

Cattlemen, get the growth you are after with the 108 WW ratio and 113 YW ratio found in AHCC 467H. He combines high EPD percentage ranks in both WW (top 5%) and YW (top 4%). Not to mention his top 3% ranking for docility. Put your grandma in a pen with this guy and breathe easy. He rounds out a solid EPD spread with a top 10% ranking for MK, ST, CW. His dam, AHCC 467B, is a never miss cow - she always raises a calf that outshines their pen mates. There is a lot of natural thickness and depth of body to be had in this bull.

Are you after a fresh pedigree? Lot 10's sire, TNGC Empire 736E, is a new sire to the HCC program and Lots 8, 9, and 10 are his first sons to sell. Do you like to see low birth and high growth? Look no further. AHCC 330H checks all the boxes from birth to yearling. He has a trouble-free actual birth weight of 77 lbs. (ratio of 93). His growth stats are just as appealing: 205-day WW of 668 lbs. (ratio of 103) and 365-day YW of 1305 lbs. (ratio of 107). Top that all off with 10 economically viable traits in the upper 25% EPD: top 3% for DOC; top 4% for MK; top 5% for TM; top 10% for GEST, ST; top 15% for YW, CW; top 20% for WW, \$MTI; and top 25% for MB. If you're after added growth, frame, and length of body, Lot 10 needs to be put on your sale day checklist.

Here's a high-percentage Lim-Flex at 64%. Another Earning Power bull that has been a standout since birth. He combines the right amount of bone work, length of skeletal design, and abundance of natural thickness, shape, and capacity into a powerful package. He has a consistent ranking of top 10% for both WW and YW. This reflects his ratio of 112 for both weaning and yearling weight. His dam and maternal granddam have been model, front pasture type of cows that have consistently raised front end calves. Don't overlook AHCC 435H on April 13th. Selling 2/3 interest and full possession.

“Very good bulls! Austin is a man that stands behind his bulls. The HCC bulls will pack pounds on your calves.” – Steve Haux, McClusky, ND

Raised by a first calf heifer, Lot 21 presents a modest actual BW of 78 lbs., but quickly climbed the scale at weaning and yearling weigh-ins. His WW ratio is 110 and YW ratio is 113. AHCC 809H offers low birth, high maternal genetics in a unique package. He combines outstanding natural growth with added frame, skeletal extension, and muscle shape. If you want to retain some good milking daughters, Lot 21 ranks in the top 10% of the breed for MK EPD.

Hager Cattle Company EPD averages compared to breed EPD averages.

5/8 Lim-Flex. Phenotypic standout. Another Federal Reserve sired bull that promises thickness and growth. With an easy doing actual BW of 80 lbs., you have to admire how he smashes the scales a year later at 1401 lbs. Many valuable traits in the top 35% and greater EPD rankings of the breed: top 35% for YW; top 30% for \$MTI; top 25% for BW, TM, CW, MB; top 20% for MK; top 15% for CED; top 10% for GEST, ST; and top 3% for CEM. He combines two generations of light birth, high growth, high marbling genetics into a dazzling sire prospect. To one's eyes, this bull is impressive - he combines an abundance of natural thickness, rib shape, and fleshing ability into a well-rounded, complete-made package. Breeders take notice, definite herd bull prospect by MAGS Federal Reserve. Selling 2/3 interest and full possession.

110 WW ratio. Appealing maternal traits with top 1% for GEST; top 10% for MK, CEM; top 15% for CED; and 20% TM. Top 15% for marbling in the breed. Phenotypically appealing to the eyes - this bull combines an attractive profile. He possesses extra length of body, doability, and structural soundness.

Lot 24 - AHCC EAGLE 845H

Lot 25 - AHCC FEDERAL RESERVE 844H

"I have been using Limousin genetics since 2004. The genetic base of my cow herd is one-third Limousin, and I find that for me and my resources, that is a good base. The survivability and the health of the Limousin genetics has really been able to move my operation forward. Plus, we are getting added pounds on the calves. On the replacement side of it, where I keep my own females to breed, the doability, easy fleshing, and longevity is something I notice every year more and more. It's starting to shine because of the Limousin genetics and those from Hager Cattle Company." - Shane Anderson, Anderson Ranch, Towner, ND

2-Year-Old Bull. High percentage Limousin at 78%. His dam, AHCC 275Z, is an outstanding daughter of AHCC West Wind. Numerically, he combines a well-balanced EPD profile with added REA. If you're looking to add frame and length of body in your next calf crop, this bull would be a good fit.

Lot 110 - TOP CUT LIM-FLEX OPEN COMMERCIAL HEIFERS

We continue to offer open replacement females from our commercial cow herd. These quality heifers have become a sale highlight. This is the top 60 cut out of over 200 heifers. They are May born commercial Lim-Flex heifers. The heifers have been Bangs vaccinated and have also had Preg-Guard 10 shots. They will be weighing 750-800 lbs. This is an excellent set of heifers that will sell gate cut in groups of 5. High bidder has the opportunity to roll the pen and take all of the heifers.
