# LIM-FLEX BULL SALE

TUESDAY, APRIL 8<sup>TH</sup>

At the Ranch: 4651 2nd Ave NE, Karlsruhe, ND

Videos and online bidding at [bid.superiorlivestock.com](http://bid.superiorlivestock.com)

Dear Cattle Producers,

Welcome to the 2025 Hager Cattle Company Lim-Flex Bull Sale! As we prepare for Tuesday, April 8, 2025, at our ranch, we are excited to once again offer an exceptional lineup of bulls and an opportunity to invest in the future of your operation.

We are witnessing record-setting feeder cattle, fed cattle, and cull cow prices, and the optimism in the cattle industry is undeniable. The nations cow herd numbers remain at an all-time low and there's increasing talk of heifer retention across the country. There has never been a better time to upgrade your bull genetics.

At Hager Cattle Company, we have vigorously focused on breeding modest birth, high-growth cattle with above-average carcass traits, and we are confident that this year's offering ranks among the best in the breed. These bulls are designed to maximize efficiency, performance, and profitability, ensuring they meet the needs of both commercial cattlemen and seedstock producers.

This year, we returned to the National Western Stock Show, and we were proud to showcase our breeding program on the national stage. The Champion Pen of Three Lim-Flex Bulls and the People's Choice Champion Pen in Denver reaffirmed our commitment to raising high-quality cattle that perform in the pasture and on the rail.

We are also excited to continue to offer our commercial Lim-Flex replacement heifers this year! We are offering 60

top-end, gate-cut heifers that are bred for maternal strength, longevity, and productivity. These females represent the best of our commercial program and are an excellent opportunity for producers

looking to expand their herds with high-quality, uniform replacements. With cow numbers still historically low, now is the time to invest in females that will add value and efficiency to your operation for years to come.

As you browse through this catalog, we encourage you to take a close look at this powerful set of bulls and imagine the impact they could have on your herd. Whether you are looking for growth, carcass merit, maternal excellence, or calving ease, we have a bull that will fit your program.

Thank you for considering Hager Cattle Company as your trusted source for premium Lim-Flex genetics. We look forward to welcoming you to the ranch on sale day and working with you to find the right bulls for your operation.

~Austin, Leah, Bailee, Pitch, Tripp, and Remmi Hager

## ONLINE BIDDING:

Go to [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com) for Superior's new online bidding platform. If you have not registered there before you will need to create an account. The first time you register an account you will receive a confirmation e-mail that you must click on. Once you have completed this, select the auction you would like to bid on and click the "Request a Buyer Number" button. The first time you request a buyer number you will be sent a confirmation code via text. Enter that code in the login portal and you will receive a buyer number. This 2-step verification process will only have to be done once and in the future you will be able to simply login and request a buyer number and receive it instantly for any auction. Once you have successfully registered and received a buyer number it will show your name and buyer number on both the video preview page and the online bidding page when you are logged in. If you have an account at LiveAuctions.tv you may skip the registration process and use those login credentials to request a buyer number as

LiveAuctions is a division of Superior Livestock. For more details on registering an account and also how to bid, you may watch a tutorial at [Bid.SuperiorLivestock.com/how-it-works](http://Bid.SuperiorLivestock.com/how-it-works).

## TURN IN BIDS OVER THE PHONE:

This is Superior's traditional method of buying cattle and is the suggested process for anybody who does not have consistent, high-speed internet. You still must register an account at [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com) and request a buyer number. Once you receive a buyer number you will see the bid line phone number. Just watch the auction online and call in at least 2 lots ahead of the lot you are looking to bid on. A Superior Livestock representative will be with you on the phone and will assist you in placing bids.

**FOR HELP WITH REGISTRATION OR ANY PART OF THE BIDDING PROCESS PLEASE CALL SUPERIOR AT (800) 422-2117.**

Power, performance, and profitability — AHCC Gameboy 6067M checks all the boxes! This 65% Lim-Flex son of WULFS GAMEBOY C911G ET is backed by the proven maternal strength of AHCC MISS RESOURCE 6067D ET and is built to impress from every angle. He ranks in the top 1% of the breed for both weaning and yearling weight, ensuring rapid early growth and long-term performance. He's also in the top 2% for carcass weight and top 10% for ribeye area and \$TPI, proving his ability to add muscle and carcass merit. Not only does he excel on paper, but his phenotype is just as impressive. GAMEBOY 6067M was the lead bull in the Champion Pen of Lim-Flex at the NWSS and the Champion People's Choice Pen, a testament to his quality and presence. He is a true powerhouse—big-hipped, wide-based, and deep-bodied with an exceptional amount of muscle shape and expression. He stands on a correct and athletic structure, moving freely and with ease, backed by a strong foot and leg foundation built for longevity. If you're looking for a bull that combines elite performance data with eye-catching phenotype, AHCC GAMEBOY 6067M is the one to take your program to the next level! Selling 1/2 interest and full possession. There will be a limited number of semen packages sold on Lot 1 in 2025. Please contact Austin Hager or MC Marketing for more details.

Powerfully built with performance to match, AHCC KINGPIN 8062M is a standout son of CELL TMCK KINGPIN 2267K ET, backed by the maternal excellence of AHCC MISS CASH FLOW 8062F ET. This bull combines elite growth with carcass merit, ranking in the top 2% of the breed for yearling weight, top 3% for carcass weight, top 4% for weaning weight, and top 10% for \$TPI. His genetic profile ensures explosive early growth and added value at every stage of production. Phenotypically, KINGPIN 8062M is as impressive as they come—bold in his rib shape, massive in his top and hip, and incredibly well-balanced from end to end. He carries himself with authority, standing on a stout, well-structured foundation with excellent feet and leg design. His depth, muscle expression, and smoothness of pattern make him an ideal combination of power and functionality. As the anchor bull in the Champion Pen of Lim-Flex at the NWSS and the Champion People's Choice Pen, he proved he has the presence and quality to stand out at the highest level. If you're searching for a herd sire that blends elite performance with a commanding phenotype, AHCC KINGPIN 8062M is a bull that demands serious attention! Selling 2/3 interest & full possession.

**CUSTOMER APPRECIATION AWARD:**

**2024 Winner - James Leier, Dawson, ND**

James Leier, a third-generation Northern Dakota cattleman, runs a commercial cow-calf operation in Kidder County alongside his wife BranDee, their five children, and his mother Beth. His father, Dalles, began using purebred Limousin in 1982, and the Leier Ranch has been investing in HCC genetics since our very first production sale.

James took over the family ranch in 2007 and transitioned to primarily Lim-Flex bulls by 2013. When asked why he continues to buy from HCC he said it is because our bulls thrive in the harsh northern climate, offering structural soundness, fleshing ability, and longevity. His Lim-Flex females last three years longer than some straight Angus, and he values the calves' vigor at birth and consistent quality year after year.

We truly appreciate James and the Leier family's longtime support and look forward to continuing this partnership for years to come!

If you like to see red in your pastures this guy is one you need to look at April 8th. AHCC JOINT VENTURE 9797M carries 10 economically viable EPD traits that fall in upper 30% or greater of the entire breed. He ranks in the top 1% for MK; 2% for TM; 10% for DOC; 15% for FT; 20% for WW, YW; 25% for YG, REA; and 30% for ADG and CW. Come weaning time he had an ADJ WW of 724/Ratio 121 with no signs of slowing down at yearling time with an ADJ YW of 1329/Ratio 104.

Stop your scroll and check out this Homo Black / Homo Polled sire prospect AHCC M846. This GAMEBOY son has caught our attention since birth. His moderate ACT BW of 80/Ratio 93 and solid growth ACT WW of 755/Ratio 108 to ADJ YW of 1307/Ratio 101 is appealing and yet his maternal, growth and carcass EPD profile is equally impressive. With 16 economically relevant traits in the top 35% or greater of the breed I bet he will catch your attention too.
